## BROWN'S OIL DEPOT. JACKSON, MISS.

THE very best article of COAL OIL  
constantly on hand. I have had con-  
siderable experience in Oils, and know what  
I am about. No guess work about it. I  
also keep the CRYSTALLINE FLUID,  
which is the best light oil made, except the  
NON-EXPLOSIVE PETRO OIL. All  
my Coal Oils are fire-test.  
I keep a full assortment of LAMPS and  
LAMP FIXTURES on hand and can REPAIR  
AND CHANGE the Burners at any time.  
Wm. J. Brown, Sr.

WE, the undersigned, take pleasure in  
stating that we have been using the  
Non-Explosive Petro Oil sold by Wm. J.  
Brown, Sr., of Jackson, Miss., for some  
length of time, and have never had an ex-  
plosion. Some of us have even had our  
lamps and cans to catch fire on the inside,  
the oil to burn entirely out, without an ex-  
plosion, and we are satisfied that it is the  
safest Oil or Burning Fluid that we have  
been able to get, and would recommend it  
to persons wanting the safest and best light.  
We believe it is all that Mr. Brown claims  
for it:

A. H. Kirkland, Jo. Bell, Jno. T. Buck, J. A. Browne, Jno. M. Smylie, W. E. Cagle, Alex. Scott, Wm. B. Taylor, J. C. Stuart, L. W. Fite, Henry Muller, R. A. Boles, Samuel Livingston, P. W. Lusk, Wm. H. Taylor, John H. Echols, Thomas Green, L. Dixon, Edward M. Scott, W. W. Steen, David J. Brown, O. P. Wright, H. O. Dixon, J. G. eon, W. K. Yost,	E. Barksdale, W. H. Donnell, J. F. O'Sullivan, J. G. Patrick, H. V. Barr, M. B. Hays, Chas. B. Galloway, J. S. Morris, A. Warner, I. N. Osborn, C. Cosmani, N. M. Massie, W. P. Harris, W. A. Cabell, A. Morgan, H. A. Johnson, P. W. Berry, J. W. Harrison, Will J. Crisler, W. H. Green, Jas. M. McKee, H. H. Smythe, A. H. Handy, R. A. Harris,
---	---

James Carlin.

I have been using the above oil purchas-  
ed from Mr. Brown, for upwards of four  
months in the Mississippi Penitentiary,  
and as far as my experience goes can en-  
dorse the above.

Wm. Noonan, Supt.

## THE Louisiana Cotton Drill.

Patented by H. STECKLER, Jr., Iberia, La., April 20, 1875.

**RICHARD FROTSCHER,**  
Manufacturer and Proprietor.  
NEW ORLEANS.

THE Most simple and efficient Drill ever  
invented. The majority of Drills  
brought before the public so far, are either  
too complicated to be used and regulated  
by a fieldhand, or else do not perform the  
work satisfactorily. The Louisiana Drill is  
cheap and at the same time will perform the  
work it is intended for to perfection.

We take great pleasure in stating that we  
have perfected more favorable arrange-  
ments for the Sale or Exchange of City  
or Country property. We have made  
connection with established agencies in the  
North and West, and are prepared to effect  
the exchange of Northern or Western  
property for lands in the South.

Parties desirous of exchanging property  
in the city of New Orleans for small farms  
in any of the Southwestern States will find  
it to their interest to at once place full de-  
scriptions of their property in our hands.

## SHOE FACTORY.

and I ask only for your patronage. I

guarantee that I will give you better satis-  
faction in my line than any shoe factory in

this State, cheaper and of better material.

You all know that there are a great many

Laborers and Mechanics in this city and

State who have no work, and have no food

for their wives and children. We should

start our own Factories and industries and

patronize each other. We could easily

manage Factories of all descriptions. All

our money goes North and West to the

extent of millions of dollars.

I have been established in the Shoe

Manufacture for the last twenty-five years,

and I call the attention of the community

in general to this subject.

I advise all Country Merchants to call

and see my stock before purchasing else-  
where, and thereby keep their money at

home.

Ladies and Gentlemen who wish to make

presents of fine and elegantly made Boots

and Shoes, Embroidered Slippers, etc.,

etc., should call before purchasing else-  
where, as they can have their goods at

Wholesale Prices, and at the same time

sustain Home Manufactured articles.
